OBJECTIVE

As a highly skilled front-end developer with expertise in JavaScript, TypeScript, HTML, CSS, and frameworks such as React, I am passionate about creating responsive and visually engaging user interfaces. With a strong command of Tailwind CSS and proficiency in design tools like Figma, I bring both technical and creative skills to the table. I am driven to leverage my abilities in JavaScript and React to build scalable, user-friendly applications that prioritize performance and usability. I am excited to contribute to innovative projects, collaborate with talented teams, and continue advancing my front-end development expertise.
